NINE FRUITS BILINGUAL SCHOOL SUMMER CAMP 2025

23 years of fun learning and enriching children's lives

2025 SUMMER CAMP

6/16-8/8 8:30am-6pm

Welcome to Nine Fruits Summer Camp of 2025!

This year we are featuring a unique selection of Mandarin Chinese Language Art Programs for ages 5 to 14 that will inspire students to explore and expand the way of learning Chinese. With our creative and enthusiastic staffs, and the brand-new state of the art facility, we can't wait to turn this summer into an exciting, fun, and memorable time for our students.

Mountain View, CA 94043

SESSION 1

亞洲經典美食營 The Journey of Asian Cuisine

Are you ready to travel around Asia and taste the most authentic of delicacies? Do you want to learn how to make the hand-made Chinese dumplings and Japanese Sushi? Have you ever made your own Thai noodle bowl or Tandoori chicken? From savory to sweet, students are going to learn how to cook foods and snacks from different countries of Asia. Explore the cultures and stories behind the fascinating Art of Asian Cuisine.

SESSION 2

STEAM創意工坊：科學視角下的藝術創作 STEAM Studio: Art in Motion

Where creativity and science come together! This camp inspires young minds to create artworks infused with scientific exploration. Children will experiment with materials, patterns, and designs, crafting artworks based on scientific concepts. From painting with natural dyes to sculpting with engineering principles, they'll discover how creativity and science shape the world—and every masterpiece tells a story.

SESSION 3

環遊世界美食營 The Art of World Cuisine

Continuing our journey, we are now going to travel around the world to enjoy some of the most famous and interesting cuisine. We are making fresh pizza and tacos from the scratch, learning the techniques of making risotto and ratatouille, and tasting delicious croissants and German chocolate cake. Students will learn the fun facts and cooking techniques of different countries' cuisines and make a variety of tasty dishes.

SESSION 4

科學創意探索營： 從樂高到實驗的精彩旅程 Build, Think, Explore: Maker's Adventures

Kids become inventors and problem-solvers in this dynamic camp, diving into the wonders of science and engineering! Hands-on activities include building Lego creations, conducting experiments, and tackling engaging challenges. They'll explore the principles of physics, chemistry, and engineering while developing critical thinking, teamwork, and a passion for learning—all through the thrill of creating and discovering real-world solutions.
